Italian Manufacturing of Floor Cleaning Machines

Adiatek Floor Cleaning Equipment's

This is Adiatek's words of passion for manufacturing and is the expression of thirty years' experience in manufacturing of auto scrubbing machines for industrial cleaning to support a team of efficient, motivated, and dynamic workers.

Floor scrubber is a Wet & Dry floor cleaning device. in a form of walk-behind or ride-on machines to clean larger floor areas by injecting water with cleaning solution, scrubbing, and lifting the residuals off the floor. With the advancement in autonomous floor-scrubbing

Adiatek scrubbing machines produce innovative and functional features, with a focus on the needs of the market to ensure effective solutions to every need of cleaning.

Better Cleaning, Save Money, Be Healthier

The Adiatek Machines are Equipped with a Very Advanced Technology

Chem Less System (No Dangerous Chemical Required): Cleaning machine are equipped with Ozone generator which generates very powerful environmental friendly disinfectant (Bactericide, anti-germ). Effectiveness of the machine is reaches not only when using the machine but also afterwards.

Solution Saving System(3S): New devise developed by Adiatek optimizes the water and detergent solution consumption. 3S allows big water and detergent saving for greater respect for the environment.

Solution Saving System Dispenser (3SD): The 3SD devise help to protect the environment by preventing waste of such an important resource like water, excess detergent and simultaneously increasing operational performance by self-calculation the requirement according to the operational areas.

Machines Will be Available in a Short Time

PRODUCT RANGE

MIC supplies Equipment to Take care of you're... FLOORS (All kind of floors & Carpets floors etc.) Indoor/Outdoor Cleaning/Deep Cleaning & Maintenance

Products range Vacuum cleaners to Road sweepers

The Adiatek brand was appreciated for the high quality in more than thirty countries all over the world

We Provide Professional Solutions, After Sales & Services By Factory Trained Technician

Coral 65m

3300msq/h

Ride-On floor scrubber with traction, comes with a washing unit of two counter-rotating brushes of 330mm and a cleaning width of 660mm. The tough Rotomould tanks made of polyethylene ensures years of maximum performance and reliability. For effortless operation, the Coral 65 offers an automatic mode that will start all necessary operations of the scrubber once it is turned on.

Ruby 50T

2000msq/h

The Ruby 50t is a battery operated walk behind floor scrubbing machine with one single brush and a pad holder with a cleaning path of 500mm.

The single brush system is equipped with a device of coupling/uncoupling of the brush thus saving manual intervention, and suitable where frequent sanitization of the brush is essential. Suitable for all types of areas such as: Hospitals, Supermarkets, Warehouses, office buildings and many more. Easy to use and easy to maintain the Ruby 50t is one of the most popular single disc auto scrubbers in the world.

Jade 66

3000msq/h

The Jade 66 is a battery walk behind floor scrubbing machine with a cleaning width of 660mm and comes with two counter rotating disc brushes and pad holders.

The combination of a large cleaning width on such a compact model ensures the Jade 66 is one of the most popular scrubbing machines worldwide to quickly clean where fast cleaning is necessary and compact enough to clean small and large areas. Can be use to clean Hospitals, Supermarkets, Warehouses, office buildings and many more.
