A Range of Electric Vehicles

شركة مبارك العالمية ذ.م.م.
MUBARAK International Co. W.L.L.

POLARIS[®]

MUBARAK INTERNATIONAL COMPANY W.L.L

We are introducing a wide range of environmental solution product in areas like Electric utility vehicles.

GEM and Goupil Electric Vehicles

Environmentally friendly, economical, silent and versatile, the electric commercial vehicle is an innovative solution for local authorities wishing to combine operating efficiency with sustainable development. Based on a purpose built robust chassis, Goupil Industries has developed a comprehensive range of vehicles (tipper, box van, watering system, electric high pressure cleaner...) meeting the requirements for many diverse applications (Green spaces, town cleaning, leisure...).

ELECTRIC HYBRID TECHNOLOGY

ADVANTAGES

1. **Environmentally friendly and silent:** 0 gram of CO2 during operation and does not emit any polluting gazes and is perfectly silent.
2. **Easy to Use:** The Goupil is very simple to drive and its battery can be charged on a standard 16A 220V socket.
3. **Cost effective and profitable:** As the Goupil is **100% electric** it does not need any fuel. The only operating costs are recharging the battery.
4. **Ergonomics and comfort:** The Goupil has been designed with the operator in mind. The wide, rear hinged doors make it easy for the operator to access the cabin during frequent stop and start journey.

0% POLLUTION, ZERO NOISE, ZERO EMISSION
