Thank you for your time on reviewing our company profile.

Chairman Sh. Dr. Khalid Bin Jabor Al Thani

Mubarak International Company W.L.L.

MIC LED Division

Our LED section is engineered to provide integrated solutions for LED Lighting i.e.

| Down Light | Spot Light | Strip Light | |
|---------------|--------------|-----------------|--|
| Pendant Light | Track Light | Garden Light | |
| Street Light | Solar Panel | Emergency Light | |
| LED Screen | Indoor Light | Outdoor Light | |

Our experience in both technical and local condition, coupled with selecting the right supplier to the project in hand makes us unique. We are not tied up or represent a company but will find the best solution for the project. We have the experience for both new installation and retrofit the existing light system e.g. (Replacement of existing lamps to LED Lights)
